Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

Dear Sirs,

I have a very inexpensive cell phone for emergency purposes so that I may be contacted in the event of an emergency for my son or wife. Please do not increase the fees, as these cell phone services for low income people are of great assistance.

Thank you.

Sincerely,

Tom Cavanaugh

Very truly yours,
